# Anthroposophic Medical Grand Rounds

Research Updates for Core Therapeutic Topics: English-language, Online, Worldwide

Wednesday, 16. October 2024:

## “Understanding Potentization and Enlivened Substance”

With special presentations by Stefan Baumgartner, Harald Hamre and Ursula Flatters

1600-1800 Central European time

- 2100-2300 ICT (Bangkok)
- 1930-2130 IST (Delhi)
- 1700-1900 MSK (Saint Petersburg)
- 1300-1500 GMT(London)
- 1100-1300 BRT (Sao Paulo)
- 1000-1200 EDT (New York)
- 0700-0900 PDT (San Francisco)

There is no cost to join this first session and everyone is welcome, but you must register!

A link to the recording will be sent to everyone who has signed up:

<https://forms.office.com/e/G2BrjiztHA>

After the first session we will move to a subscription model with multiple price levels. Our hope is to still be able to offer scholarships so that 500-1000+ students, all around the world, can have free access to the teaching sessions. We ask you to help support this new initiative by making a donation (please indicate “Grand Rounds”):

### Upcoming sessions:

19. February 2025:

## “How AM Contributes to the Field of Integrative Oncology”

With Eran ben Ari, Marion Debus, Friedemann Schad

21. May 2025: Highlights from AM Research Council Conference

## “The Role of Warmth and Thermoregulation for Somatic and Mental Healthcare”
